The FY 2014-2015 proposed tax rate is 58.04 cents per \$100 of assessed value. The tax levy is the product of the tax rate and the assessed valuation divided by 100. The budget for current property taxes is based on the amount of estimated property tax collections. The tax levy is adjusted for an assumed amount of uncollected taxes. By state law, the City must account for uncollected taxes at the level of uncollected taxes projected at June 30. For FY 2014-15 the amount of uncollected taxes is equal to 1% of the tax levy. Tax bills are sent as soon as practical after July 1 and are considered delinquent on January 5.

## FUND BALANCE

### Why is the level of Fund Balance important to the City?

It is important to maintain fund balance in the major operating funds at a level that would be sufficient to provide a financial cushion in the event of unanticipated events, such as a loss or major reduction of a revenue source, a sudden economic downturn, or natural disasters.

For the General Fund, the North Carolina Local Government Commission (NCLGC) strongly recommends an unreserved fund balance of 8% of prior year's total budget appropriations. The NCLGC defines fund balance in a prescribed manner that is not exactly the same as the CAFR unrestricted fund balance. The City calculates fund balance on the total of the General Fund next year budget appropriation, minus appropriations for debt service and transfers to other funds. The two calculations are, therefore, not directly comparable. Bond rating agencies regard the level of fund balance in the General Fund as one indicator of credit worthiness when considering bond ratings.

For the General Fund, appropriations from fund balance are generally subject to a City Council policy that limits such appropriations to the equivalent of four cents on the tax rate over the two-year budget cycle. The City's current policy is to maintain Unassigned Fund Balance ("UFB") in an amount no less than the greater of 12% of the current year's originally adopted Adjusted Budgeted Expenditures, or the amount required by the Local Government Commission (LGC). For FY 2014-15 the adopted fund balance of 14.00% is a result of estimations of general fund budgets being returned to fund balance. The actual Undesignated Fund Balance will be determined following the annual audit of revenues and expenditures for FY 2013-14. The City does not have a Fund Balance policy for the Enterprise and Special Revenue Funds; however financial prudence dictates that these funds should also maintain a reasonable level of Net Cash Assets to cover unanticipated costs.
